To Whom It May Concern: This reference letter is to confirm the professional capabilities of Mr. Robert Wright. I first utilized Mr. Wright's talents to build a web site for me about two years ago. A web site that would immediately capture the eyes of prospective clients that would hire me for jobs in radio & tv voice work. He certainly didn't disappoint me. Even though Mr. Wright has a so-called vision impairment, one wouldn't imagine that to be the case when viewing his work. Several respected individuals who have browsed my URL have asked me... "Who put together your web site? I'm very impressed. I'd like to hire him to do mine." "Yours really stood out from others I've viewed and grabbed my attention, immediately." What better endorsement could you ask for? Mr. Wright has also proven to me that he is an expert professional photographer should that be your need. In other words, Robert is "Wright" for the job!

A handwritten signature in blue ink that reads "Larry M. McCabe". The signature is fluid and cursive, with a long horizontal stroke at the end.

Sincerely, Larry M. McCabe aka McKay

P.S. The proof is in the finished product. Take a look at what Robert did for me at:
